

| Attribute             | Value           |
|-----------------------|-----------------|
| Word embeddings       | Google word2vec |
| Filter region size    | (3,4,5)         |
| Feature maps          | 100             |
| Activation function   | ReLU            |
| Pooling               | 1-max pooling   |
| Dropout rate          | 0.6             |
| $l_2$ norm constraint | 3               |
| FC hidden layers      | 1               |
| FC activation         | Iden            |
