könnte man fragen:	abnormalities similar to those observed in	makes it interesting
Satz der Mathematik	was observed in the groups	makes a strong case
aber doch sehr wohl den Satz	between those obtained with	better than its predecessor
it's nonsense to say that	is used for the treatment of	better suited to
we say that he sees	the treatment groups	has nothing fresh
ein besonderer Fall	The two groups were found to	It 's refreshing to see
Aber hatte er auch ein Bild	treatment of patients with	reason to see
das gleiche Bild zu ihrer Darstellung	We present the results obtained	ca n't wait to see
Erklärung der Bedeutung	were obtained from patients during	looks as if it
Bedeutung des Zeichens	reported by the patients	feels as if
den Gebrauch des Worts	results in a significant increase in	have been lost in
