

| Components | | Combination | Accuracy |
|-------------------|----------------------|------------------------|-----------------|
| Relational | Attributional | | |
| LRME | LIN+POS | add probabilities | 94.0 |
| LRME | LIN+POS | multiply probabilities | 94.0 |
| LRME | HSO | add probabilities | 78.5 |
| LRME | HSO | multiply probabilities | 85.4 |

Table 1: The performance of four different hybrids of relational and attributional mapping approaches.
