

Feature	Description
1	Area of Connected Region
2-4	Mean R, G, B Intensity Values
5-7	Standard deviation of R, G, B intensity values
8-9	Mean a, b intensty values in Lab color space
10-11	Standard deviation of a,b intensity values
12	Ecentricity of the region
13	Extent of the region
14-15	Major and Minor axis length
16	Convexity
17	Gradient values of edge pixels of the region
18	Compactness of the Region
19	Energy of the Region
20-22	Color contrast with neighbour regions
