Input Data	Value (Min - Max)
Workload trace duration (t)	(4 - 4)
Range of CPU values for resources	(4 - 10)
Range of Memory values for resources	(2 - 16)
Range of Network values for resources	(100 - 1000)
Range of CPU values for utilization	(2 - 10)
Range of Memory values for utilization	(1 - 16)
Range of Network values for utilization	(0 - 1000)
Range of revenue values for executing VMs	(0.1 - 1.5)
Range of SLA values of VMs	(0 - 2)
Range of number of VMs for cloud services	(1 - 6)
Number of cloud services	(1 - 1)
Probability distribution	Random
