Feature	dim.
DCT coefficients of average colour in rectangular grid	12
CIE Lab colour of two dominant colour clusters	6
Histogram of local edge statistics	80
Haar transform of quantised HSV colour histogram	256
Histogram of interest point SIFT features	256
Average CIE Lab colour	15
Three central moments of CIE Lab colour distribution	45
Histogram of four Sobel edge directions	20
Co-occurrence matrix of four Sobel edge directions	80
Magnitude of the 16×16 FFT of Sobel edge image	128
Histogram of relative brightness of neighbouring pixels	40
